Fiwagoh Mission Orphanage is located near Nakuru, Kenya in the district of Gilgil. This is home for 170 orphans with stories of parental abuse, HIV, death, abandonment, living on the streets, eating garbage, forced labor, and more. They have each found safety and refuge at Fiwagoh. Founded by a former orphan, Benson Ngagna, these children are taught and shown the love of Christ through Christian education, love, and service towards one another.

David’s first trip to Fiwagoh involved taking new shoes to the children through the generosity of Soles4Souls and One Way Ministries. Many had never seen a pair of new shoes much less had a pair to call their own. God used this time to encourage them and Pastor Benson that Christ love compels others to come to them in the name of Jesus to serve and love them.
